

Walk of shame line instructions

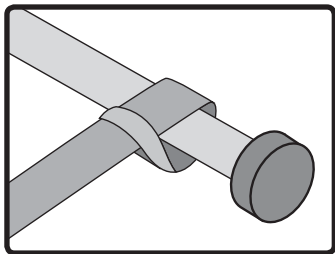

1. Soft-grip handle
2. Webbing v-line
3. Attachment loops
4. Bag

Attaching the bag to your buggy

Attach the bag to the side of your buggy using the velcro attachments on the bag.

Attaching the walk of shame line to the buggy

To attach the line to your buggy, larkshead each webbing loop to a footpeg, on either side of the front fork. Pull the larkshead tight. Make sure the distance between the fork and larkshead is equal on both sides.

Using the walk of shame line

When walking on a flat surface, pull the buggy behind you. When walking down a hill, walk behind your buggy holding the handle.
